L-3 Security & Detection Systems Launches Spanish-Language Website

WOBURN, Mass., June 15, 2011 – L-3 Security & Detection Systems announced today that it has launched a Spanish-language website with information about its comprehensive portfolio of security products, solutions and the latest company news.

“We have added Spanish to the collection of languages available on our website to enhance our relationship with customers across Latin America and other Spanish-speaking areas,” said Thomas M. Ripp, president of L-3 Security & Detection Systems. “In recent years we have made significant advances into the Latin American market and our enhanced web presence complements our broad base of partners in the region. We look forward to strengthening existing relationships and forging new ones with the help of the newly-launched website.”

The Spanish-language website can be directly accessed by visiting www.sds.L-3com.com/sp or from the company’s English-language website. L-3 Security & Detection Systems has a growing installed base in Latin America, including recent wins at six airports throughout Mexico, Costa Rica and Colombia. L-3 and its partners have offices throughout Latin America with major locations that include Bogotá, Colombia; São Paulo, Brazil; Quito, Ecuador; Buenos Aires, Argentina; Mexico City, Mexico; Caracas, Venezuela; Santiago, Chile; and Lima, Peru.

About L-3 Security & Detection Systems

With more than 50,000 systems deployed and supported around the globe, L-3 Security & Detection Systems (SDS) is a leading supplier of security screening solutions. For more than 30 years, L-3 SDS has developed and manufactured cutting-edge products using advanced technologies that include 3-D computed tomography; automated, conventional and high-energy X-ray; active millimeter wave imaging; metal detection; and energetic trace explosives detection. Our solutions are used by the aviation and transportation industries, regulatory and customs authorities, government and law enforcement agencies, and commercial and other secure facilities. Applications include the screening of people, vehicles, baggage, cargo and packages for explosives, firearms, drugs, contraband and intellectual property. To learn more about L-3 SDS, please visit the company’s website at www.L-3com.com/sds.

About L-3 Communications

Headquartered in New York City, L-3 Communications employs approximately 63,000 people worldwide and is a prime contractor in C³ISR (Command, Control, Communications, Intelligence, Surveillance and Reconnaissance) systems, aircraft modernization and maintenance, and government services. L-3 is also a leading provider of a broad range of electronic systems used on military and commercial platforms. The company reported 2010 sales of \$15.7 billion.
