### **L3 Security & Detection Systems to Demonstrate Latest Security Software at World Customs Organization's 6<sup>th</sup> Technology & Innovation Forum**

*– L3 Will Be a Diamond Sponsor of This Major Customs and Security Event –*

WOBURN, Mass., October 31, 2017 – L3 Security & Detection Systems (L3 SDS) announced today that it will be the diamond sponsor of the World Customs Organization's (WCO) 6<sup>th</sup> Technology & Innovation Forum being held October 31 – November 2, 2017, at the Hilton Tokyo Odaiba, Tokyo, Japan. This premier event is attended by customs executives, government officials and commercial providers from around the world to explore emerging trends and industry requirements.

L3 SDS will demonstrate its latest CV 2™ software solution at the event. CV 2 is a user-friendly software solution that integrates data from a variety of scanning systems onto a single centralized display. The benefits of this interface include improved efficiency, as well as increased throughput and probability of detection. Visit L3 in Stands 7 & 8 to see this advanced system firsthand.

“As the diamond sponsor, we look forward to meeting with and demonstrating our security solutions to the WCO gathering of thought leaders,” said Al Weggeman, President of L3 Security & Detection Systems. “Our leading-edge CV 2 software platform enables us to provide our customers with an integrated software/hardware solution that optimizes their productivity and operating efficiencies.”

#### **About L3 Security & Detection Systems**

With systems deployed and supported around the globe, L3 Security & Detection Systems (L3 SDS) is a leading supplier of security screening solutions. For more than 30 years, L3 SDS has developed and manufactured cutting-edge products using advanced technologies that include networking; 3-D computed tomography; automated, conventional and high-energy X-ray; radiation detection; active millimeter wave imaging; metal detection; and energetic trace

explosives detection. L3 SDS solutions are used by the aviation and transportation industries, regulatory and customs authorities, government and law enforcement agencies, and commercial and other secure facilities. Applications include the screening of people, vehicles, baggage, cargo and packages for explosives, firearms, drugs, contraband and corporate assets. To learn more about L3 SDS, which is part of the Security & Detection Systems sector within L3's Electronic Systems business segment, please visit the company's website at [www.L3T.com/SDS](http://www.L3T.com/SDS).

Headquartered in New York City, L3 Technologies employs approximately 38,000 people worldwide and is a leading provider of a broad range of communication, electronic and sensor systems used on military, homeland security and commercial platforms. L3 is also a prime contractor in aerospace systems, security and detection systems, and pilot training. The company reported 2016 sales of \$10.5 billion.
